May 24-26

28th Canadian Bioethics Society Annual Conference

Conference

Falling through the cracks: Equity, ethics and the challenges of vulnerability

This year's conference, organized by the MUHC's Centre for Applied Ethics, under the directorship of Dr. Eugene Bereza, will address the theme of intersecting vulnerabilities in all its complexity; from its conceptual foundations, to the need for practical responses. It will showcase tried and true as well as innovative ways of considering and addressing

This international symposium is aimed at researchers, students and Health, Social Services and Law professionals wishing to contribute to the improvement of care and services offered to children from disadvantaged backgrounds. Click [here](#) for more info

Friday, May 26 at 11:00 a.m.

Physiology Seminar Series

CFTR regulation by the Vasoactive Intestinal Peptide: Molecular basis and therapeutic potential

Dr. Valerie Chappe

Click [here](#) for more info

Monday, May 29, 12:00 - 1:00 p.m.

RI-MUHC Pediatric Research Seminar

Genome to outcome: Updates on an integrated cohort study for autism and related conditions

Mayada Elsabbagh, PhD
