September 11-24

**Monday, September 11 at 12:00 p.m.**

**Pharmacology and Therapeutics Seminar Series**

Protein synthesis and cellular energetics

**Dr. Ivan Topisirovic**

Click [here](#) for more info

**Tuesday, September 12, 8:50 a.m. – 3:30 p.m.**

**RI-MUHC Drug Discovery Platform One-Day Conference**

***Recent technological advances in microbiome and tissue analysis***

The main focus for this conference will be on the analyses of microorganisms and human tissue samples with modern technologies, such as the MALDI Biotyper, MALDI-TOF/TOF Mass Spectrometry (MS) and High Resolution Magic Angle Spinning (HR-MAS) NMR.

**Wednesday, September 13, 8:00 a.m. - 9:00 a.m.**

**Pediatric Medical Grand Rounds**

Children with high resource use: Trends and policy implications

**Dr. Rishi Agrawal**

Click [here](#) for more info

**Thursday, September 14, 9:00 a.m. – 11:00 a.m.**

**Steinberg Centre for Simulation and Interactive Learning Symposium/Round-Table Panel Discussion**

Simulation-based assessment & evaluation of team performance

**Dr. Mary Beth Mancini**

Click [here](#) for more info

**Thursday, September 14, 12:00 – 1:00 p.m.**

**Monday, September 11, 12:00 – 1:00 p.m.**

**RI-MUHC Pediatric Research Seminar**

Deleterious genomic variants contribute to cryptogenic forms of cerebral palsy

**Dr. Michael C. Kruer**

Click [here](#) for more info

**Tuesday, September 12, 12:00 – 1:00 p.m.**

**MUHC Medical Grand Rounds**

Can guidelines adversely affect the medical health commons

**Dr. James Brophy**

Click [here](#) for more info

**Tuesday, September 12 at 4:00 p.m.**

**Killam Seminar Series**

Clinical research of aneurysmal subarachnoid hemorrhage in a single center setting

**Hitoshi Fukuda**

Click [here](#) for more info

**Wednesday, September 13 at 11:30 a.m.**

**Anatomy and Cell Biology Seminar Series**

The molecular basis of microtubule structure and dynamic instability

**Dr. Gary Brouhard**

Click [here](#) for more info

**Thursday, September 14, 9:00 a.m. – 7:00 p.m.**

**Amyotrophic Lateral Sclerosis (ALS) Education Day**

Presentations will range from clinical presentations from expert physicians, members of the multidisciplinary ALS team, community care providers with experience in treating patients with ALS, and employees of the ALS Society of Quebec. The day will conclude with a public lecture given by Dr. **Angela Genge** on clinical trials in ALS.

Click [here](#) for more info

**Centre for Applied Mathematics in Bioscience and Medicine (CAMBAM) Seminar**

Integrating data-driven and mechanistic computational models of inflammation: A roadmap for translational systems biology

**Dr. Yoram Vodovotz**

Click [here](#) for more info

**Thursday, September 14, 6:30 p.m. - 8:30 p.m.**

**CPD/CME Thursday Evening Learning Series (TELS): Face-to-Face and Webinar**

*Adolescent Medicine*

Trans Health 101: Medical Considerations

**Dr. Annie Sbrocchi & Dr. Andrew Bui-Nguyen**

Trans Health 101: Approach and Sensitivity

**Mr. Tynan Jarrett**

**September 14-17**

**2nd Annual Conference of the Canadian Society for the Advancement of Gynecologic Excellence**

The mission of the Canadian Society for the Advancement of Gynecologic Excellence is to promote and maintain high standards of excellence in the diagnosis and management of complex gynecologic conditions.

Click [here](#) for more info

**September 15-16**

**Lymphoma Canada Inaugural National Conference**

At this patient-focused bilingual educational conference, you will learn critical information about diagnosis, treatment, side effect management, and latest research advances from a panel of leading lymphoma specialists.

Click [here](#) for more info

**Monday, September 18 at 12:00 p.m.**

**Pharmacology and Therapeutics Seminar Series**

Imaging mass spectrometry: Correlating molecular information to histology

**Prof. Pierre Chaurand**

Click [here](#) for more info

**Monday, September 18, 12:30 – 1:30 p.m.**

**JGH Medical Grand Rounds**

**29th Annual Bertha & Nachum Mizne Memorial Lecture**

New goals for the treatment of hypertension. Is it time for a new definition of hypertension?

**Dr. Ernesto L. Schiffrin**

Click [here](#) for more info

**Thursday, September 14, 12:00 - 1:30 p.m.**

**Quebec Nursing Intervention Research Network (RRISIQ) Conference**

*Financement, mobilisation des connaissances et partenariats*

**Geneviève Roch, RN, PhD**

How to maximize research funding? There are several answers to this question and it deserves particular attention. This presentation addresses a process that has shown to be efficient to help obtain successive grants.

**September 14-17**

**North American Masterclass in Endoscopic Sinus Surgery**

With 4 full days packed with simulation, didactic lectures by world-renowned faculty, a frontal sinus workshop and cadaver dissections, the city of Montreal is ready to welcome you to the third edition of the North American Masterclass in Endoscopic Sinus Surgery and Management of Vascular Injuries Workshop.

Guest of honour: **Peter John Wormald**

Click [here](#) for more info

**Monday, September 18, 12:00 – 1:00 p.m.**

**RI-MUHC Pediatric Research Seminar**

The importance of involving end-users when designing interactive health technologies

**Annette Devito-Dabbs, RN, PhD, FAAN**

Click [here](#) for more info

**Monday, September 18, 4:00 – 5:00 p.m.**

**Epidemiology Seminar Series**

The Constances cohort: An infrastructure for research and public health

**Dr. Marie Zins & Dr. Marcel Goldberg**

Click [here](#) for more info

**Monday, September 18, 4:00 – 5:00 p.m.**

**Tuesday, September 19, 12:00 – 1:00 p.m.****MUHC Medical Grand Rounds**

Brawn and brain: A case of musculo-neural proportions

**Dr. Mathew Cherian, Dr. David Pellerin & Dr. Kelita Singh**

Click [here](#) for more info

**Wednesday, September 20 at 11:30 a.m.****Anatomy and Cell Biology Seminar Series**

From the physiological roles of the proprotein convertases in the secretory pathway to their clinical implications

**Dr. Nabil Seidah**

Click [here](#) for more info

**Wednesday, September 20, 12:00 – 1:00 p.m.****IDIGH Program Seminar Series**

How omics data and machine learning can assist the clinical decision: A tale of numbers!

**Dr. Jacques Corbeil**

Click [here](#) for more info

**September 20-21****Visiting Speakers Program in Oncology (VSPO)**

Strategies to move us past CHOP in peripheral T-cell lymphoma

**Dr. Steven Horwitz**

Click [here](#) for more info

**Thursday, September 21, 12:00 – 1:00 p.m.****Centre for Applied Mathematics in Bioscience and Medicine (CAMBAM) Seminar**

Assembly and function of membraneless organelles

**Dr. Stephanie Weber**

Click [here](#) for more info

**Thursday, September 21, 6:30 p.m. - 8:30 p.m.****CPD/CME Thursday Evening Learning Series (TELS): Face-to-Face and Webinar**

*Anesthesiology*

A child is not a small adult: Pain therapy in children

**Dr. Pablo Ingelmo**

Early detection and Intervention for substance misuse

**Thomas G. Brown, PhD**

Click [here](#) for more info

**September 23-24****Smart City X Workshop****Department of Biochemistry Seminar**

Problems, progress and holy grails in natural product sciences

**Dr. David H. Sherman**

Click [here](#) for more info

**Tuesday, September 19, 3:30 – 5:00 p.m.****Biostatistics Seminar**

1st talk: Is most published research really false? /

2nd talk: Treating data science as a science

**Jeffrey T. Leek, PhD & Leah R. Jager, PhD**

Click [here](#) for more info

**Wednesday, September 20, 12:00 - 1:00 p.m.****CPD/CME Wednesday E-Learning Series (WELS): Webinar only**

Aging and anti-aging products

**Joe Schwarcz, PhD**

Click [here](#) then scroll down for more info

**Wednesday, September 20, 4:00 - 5:00 p.m.****Vertex sponsored-CFTRc / Department of Biochemistry Seminar**

Airway basal stem/Progenitor cells: The smoking gun of COPD

**Dr. Ronald G. Crystal**

Click [here](#) for more info

**Thursday, September 21, 11:30 a.m. – 12:30 p.m.****Infection and Immunity Seminar Series**

The pyromaniac inside you: Salmonella metabolism in the host gut

**Dr. Andreas Baumler**

Click [here](#) for more info

**Thursday, September 21, 3:00 – 5:00 p.m. Global Mental Health Speaker Series**

A cost-effective approach to caring for people with severe mental illness in Africa? Staffing inpatient, outpatient and rehabilitation facilities with service users at the Saint-Camille de Léllis in French-speaking West-African countries

**Dr. Eric Latimer**

Click [here](#) for more info

**Friday, September 22 at 11:00 a.m. Physiology Seminar Series**

Using Proteomic approaches to study variances and dynamics along RNA maturation pathways

**Dr. Marlene Oeffinger**

Click [here](#) for more info

Smart City X is a student-led workshop dedicated to smart systems and sensors and their applications in the monitoring of infrastructures, water resources and public health. Distinguished speakers from academia and related industries will shed light on corresponding challenges while you will develop your knowledge and skills across various sectors.
