October 30 - November 12

Monday, October 30, 12:00 – 1:00 p.m.

Pharmacology & Therapeutics Seminar

Microtubule curvature and dynamics in cancer therapy

Dr. Gary Brouhard

Click [here](#) then scroll down for more info

Monday, October 30, 4:00 – 5:00 p.m.

Epidemiology Seminar Series

Video games, gamification and mental health: A new frontier for public health research

Manuela Ferrari, PhD

Click [here](#) for more info

Tuesday, October 31, 12:00 – 1:00 p.m.

LDI Distinguished Lecture Series

Blood-cell production: An ideal paradigm to dissect complex human phenotypes

Guillaume Lettre, PhD

Click [here](#) for more info

Tuesday, October 31, 3:30 – 4:30 p.m.

Biostatistics Seminar

Web based tools to support HIV incidence estimation

Lamin Juwara

Creating public use data sets

Norah Finn

Tuesday, October 31, 12:00 – 1:00 p.m.

MUHC Medical Grand Rounds

Emerging infectious diseases and the blood supply

Dr. Gilles Delage

Click [here](#) for more info

Wednesday, November 1, 8:00 a.m. – 9:00 a.m.

Pediatric Medical Grand Rounds

Co-producing healthcare quality and safety: New frontiers in partnership with patients and families

Dr. Maren Batalden

Click [here](#) for more info

Wednesday, November 1 at 12:00 p.m.

BRaIN Seminar Series

Dynamic In vivo magnetic resonance spectroscopy: A window into brain chemistry and metabolism

Dr. Jamie Near

Click [here](#) for more info

Wednesday, November 1 at 12:00 p.m.

McGill University Research Centre on Complex Traits Seminar Series

Click [here](#) for more info

Wednesday, November 1, 12:00 – 1:00 p.m.

IDIGH Program Seminar Series

Structure-guided drug discovery for TB, malaria and cryptosporidiosis

Chris Walpole, PhD

Click [here](#) for more info

Wednesday, November 1, 4:45 - 6:00 p.m.

McGill Journal of Law and Health Speaker Series
Ethical and legal ramifications of stem cell research

This event will present diverse perspectives on research involving the development, use and destruction of human embryos, as well as its many potential benefits and its complexities and regulations.

Speakers: Dr. William Stanford, Me. William Brock and Dr. Michel L. Tremblay

Click [here](#) for more info

Wednesday, November 1 at 6:00 p.m.

40th Annual Osler Lectureship

Infamous medical research: Bad guys, duped victims or something else?

Susan M. Reverby, PhD

Click [here](#) for more info

November 1-2

Visiting Speakers Program in Oncology (VSPO)

Hodgkin lymphoma from 20,000 feet

Dr. Barbara Pro

Click [here](#) for more info

Thursday, November 2, 9:00 a.m. - 5:00 p.m.

Sustainable Cities and Environmental Health Conference

This full day conference aims to provide an opportunity to those interested in environmental and sustainability health sciences to learn about the groundbreaking work conducted on the topic in the region and beyond.

Thursday, November 2, 12:00 – 1:00 p.m.

Centre for Applied Mathematics in Bioscience and Medicine (CAMBAM) Seminar

The mathematical & computational modelling of some problems in clinical medicine

Dr. Sivabal Sivalogathan

Host and viral determinants of viral RNA accumulation: From Hepatitis C virus to Zika virus

Dr. Selena Sagan

Click [here](#) for more info

Wednesday, November 1, 2:00 - 3:00 p.m.

McGill International TB Centre Special Seminar

Confronting colliding TB and HIV epidemics: The Bronx NY and Tugela Ferry, South Africa

Dr. Gerald Friedland

Click [here](#) for more info

Wednesday, November 1, 5:00 - 7:00 p.m.

Henry Mintzberg Book Launch

Managing the Myths of Health Care

Bridging the separations between care, cure, control and community

About the book “Health care is not failing but succeeding, expensively, and we don't want to pay for it. So the administrations, public and private alike, intervene to cut costs, and herein lies the failure.”

Books will be available for sale at the event.

Saturday, November 4, 9:00 a.m. - 2:00 p.m.

Cedars Cancer Foundation Annual Fundraising Event: Splash and Dash!

Splash & Dash raises money for Sarah's Fund for Cedars, founded in 2001 by a then 8-year old girl undergoing treatment for Ewing's Sarcoma. Since its inception Sarah's Fund has raised over \$12 million to support the needs of the Hematology-Oncology division at The Montreal Children's Hospital.

Splash & Dash is a fun-filled day of Swim-Bike-Run races for adults, high school students and families. For our teams with young children under the age of 8 years old, it is a Run-Swim-Run relay. It is open to everyone – no matter what your age or athletic ability.
