March 12-25

Monday, March 12 at 12:00 p.m.

Pharmacology & Therapeutics Seminar

The molecular basis of neuronal dysfunction in glaucoma: novel insights

Adriana Di Polo, PhD

Click [here](#) then scroll down for more info

Monday, March 12, 12:00 – 1:00 p.m.

Pediatric Research Seminar

The derivation and utility of intestinal organoids generated from human pluripotent stem cells

Jon Draper, PhD

Click [here](#) for more info

Monday, March 12, 4:00 – 5:00 p.m.

Epidemiology Seminar Series

Usage and accuracy of medication data from Health Information Exchange in Quebec, Canada

Aude Motulsky, PhD

Click [here](#) for more info

Tuesday, March 13, 12:00 – 1:00 p.m.

Lady Davis Institute Epidemiology Seminar

Upcoming legalization of cannabis: Should we worry?

Jennifer O'Loughlin, PhD

Click [here](#) then scroll down for more info

Tuesday, March 13, 3:00 – 5:00 p.m.

McGill Qualitative Health Research Group (MQHRG) Meeting

Dis/Articulating conceptions of 'voice' in qualitative inquiry

Dr. Gail Teachman

Click [here](#) for more info

Tuesday, March 13 at 4:00 p.m.

Killam Seminar Series

Optimal combinations of transcription factors for axon regeneration in the central nervous system

Monday, March 12, 12:00 – 1:00 p.m.

LDI Molecular and Regenerative Medicine Seminar

Senescence and age-related vascular diseases

Dr. Eric Thorin

Click [here](#) then scroll down for more info

Monday, March 12, 12:30 – 1:30 p.m.

JGH Medical Grand Rounds

Peripheral Artery Disease (PAD): A global approach to a multi-faceted disease

Dr. Andre Roussin

Click [here](#) then scroll down for more info

March 12-23

McGill Rare Books and Special Collections Exhibition

In partnership with the Osler Library of the History of Medicine, McGill Faculty of Medicine & the Freie Universität

Vaccination: Fame, Fear and Controversy, 1798-1998

This exhibition explores the tension between the promised public-health benefits of vaccination and the reasons why resistance checked its acceptance.

Tuesday, March 13, 12:00 – 1:00 p.m.

MUHC Medical Grand Rounds

Evolving acute stroke treatment: The art of patient and therapy selection

Dr. Lucy Vieira and Dr. Aimen Moussaddy

Click [here](#) then scroll down for more info

Tuesday, March 13, 3:30 – 4:30 p.m.

Biostatistics Seminar

Multi-state approaches to unmask and repair survival biases in epidemiology

Martin Wolkewitz, PhD

Click [here](#) for more info

Dr. Murray Blackmore

Click [here](#) for more info

Tuesday, March 13, 6:00 – 8:00 p.m.

Healthy Brains for Healthy Lives (HBHL) Trainee Get-Together

Keynote Speaker: Dr. Robert Zatorre

Click [here](#) for more info

Wednesday, March 14, 8:00 a.m. – 9:00 a.m.

Pediatric Medical Grand Rounds

Role modeling - Helping you make the implicit explicit

Dr. Robert Sternszus

Click [here](#) for more info

Wednesday, March 14 at 12:00 p.m.

IDIGH Program Seminar Series

Self-reactive T cells: Many shades of gray

Dr. Heather Melichar

Click [here](#) for more info

Wednesday, March 14, 12:30 – 2:00 p.m.

Institute for Health and Social Policy

Evidence to policy

Prof. Leah Marian McClimans

Click [here](#) for more info

Wednesday, March 14, 3:00 – 4:00 p.m.

Lady Davis Institute Psychosocial Seminar

The pathophysiology of premenstrual dysphoric disorder: Biological and cultural factors

Dr. Vi Nguyen

Click [here](#) then scroll down for more info

Wednesday, March 14 at 4:30 p.m.

Social Studies of Medicine Book Launch

Celebrating the publication of the Palgrave Handbook of the History of Surgery with commentary by editor, **Thomas Schlich** and contributing authors.
