October 15-28

Monday, October 15 at 12:00 p.m.

Pharmacology & Therapeutics Seminar Series

Structural biology of TGF-beta family signaling proteins – new insights into mechanism to novel therapies for cancer and fibrosis

Dr. Andrew Hinck

Click [here](#) then scroll down for more info

Monday, October 15, 2:30 - 3:30 p.m.

Biostatistics Seminar

Moving from evidence-based medicine to personalized medicine: Understanding heterogeneous treatment effects in the era of patient-centered care

Dr. David M. Kent

Click [here](#) for more info

Tuesday, October 16, 12:00 - 1:00 p.m.

MUHC Medical Grand Rounds

The "Crisis" in health research, and its implications for research, policy and practice

Dr. Nicholas King

Click [here](#) then scroll down for more info

Tuesday, October 16 at 4:00 p.m.

Killam Seminar Series

LRRK2 and GBA: Towards precision medicine in PD

Dr. Roy Alcalay

Click [here](#) for more info

Wednesday, October 17, 8:00 a.m. - 9:00 a.m.

Pediatric Medical Grand Rounds

Pediatric resuscitation-state of the art... From the Ivory Tower to our own backyards

Dr. Vinay M. Nadkarni

Click [here](#) then scroll down for more info

Monday, October 15, 12:30 - 1:30 p.m.

JGH Medical Grand Rounds

Atopic disease

Dr. Emma Guttman-Yassky

Click [here](#) then scroll down for more info

Monday, October 15 at 1:00 p.m.

Feindel Brain Imaging Lecture Series

Detection and assessment of white matter hyperintensities in aging and neurodegenerative disease population

Mahsa Dadar

Click [here](#) then scroll down for more info

Monday, October 15, 4:00 - 5:00 p.m.

Epidemiology Seminar Series

Banning P-value use, or misuse?

Dr. Sonia Hernandez Diaz

Click [here](#) for more info

Tuesday, October 16, 12:00 - 1:00 p.m.

LDI Distinguished Lecture Series

Mapping genetic networks in yeast and human cells

Charles Boone, PhD

Click [here](#) for more info

Tuesday, October 16, 6:30 p.m. - 8:30 p.m.

HBHL-SKILLSETS Workshop

Small Talk, Big Impact: Developing an elevator pitch for your neuroscience research

What do you say when a researcher approaches you at a conference and asks what you study? Or, when a potential employer asks you to summarize your Master's/PhD project during a job interview? In this workshop, you will learn how to create an elevator pitch that clearly explains your research

Wednesday, October 17 at 12:00 p.m.**SPOT Research Seminar in Rehabilitation Science**

International Health Regulations Compliance in India: The Politics of Global Health Security

Srikanth Reddy, PhD

Click [here](#) then scroll down for more info

Wednesday, October 17, 12:00 - 1:00 p.m.**CPD Wednesday E-Learning Series (WELS):****Webinar only**

Dermatology

Dangerous rashes not to miss

Dr. Elena Netchiporouk

Click [here](#) then scroll down for more info

Thursday, October 18, 7:30 a.m. - 8:30 a.m.**14th Annual Flanders Family Visiting Professor in Medical Simulation**

Combined Surgical and Anesthesia Grand Rounds

Simulation and systems at the cutting edge... What next?

Dr. Vinay M. Nadkarni

Click [here](#) for more info

Thursday, October 18, 12:30 - 2:00 p.m.**Family Medicine Research Seminar**

Patient engagement in primary health care research: Practical applications and challenges

Dr. Anne Marie Chomat

Click [here](#) for more info

Thursday, October 18 at 6:30 p.m.**CPD Thursday Evening Learning Series (TELS):****Face-to-Face and Webinar**

Nephrology

Approach to chronic kidney disease – Indications for referral

Dr. Catherine Weber

Adults hematuria - Where it starts?

Dr. Mélanie Aubé-Peterkin

Click [here](#) then scroll down for more info

Friday, October 19, 9:00 a.m. - 5:30 p.m.**Institute for Health and Social Policy Workshop**

Relational autonomy in fiction

David Collins, Rebekah Johnston, Sam Shpall,

Natalie Stoljar, Andrea Westlund

Click [here](#) for more info

Friday, October 19 at 11:00 a.m.**Physiology Seminar Series**

and get others excited about your work in under 2 minutes.

Click [here](#) for more info

Wednesday, October 17 at 12:00 p.m.**BRaIN Seminar Series**

RNA trafficking and axonal local translation in visual circuit wiring

Dr. Hovy Wong

Click [here](#) then scroll down for more info

Wednesday, October 17 at 4:30 p.m.**Social Studies of Medicine Seminar Series**

Laboratory humanity: the defense of medical research in the United States, 1908-1914

Dr. Rob Boddice

Click [here](#) for more info

Thursday, October 18, 12:00 - 1:00 p.m.**14th Annual Flanders Family Visiting Professor in Medical Simulation**

Resuscitation: Past, present and future

Dr. Vinay M. Nadkarni

Click [here](#) for more info

Thursday, October 18 at 6:30 p.m.**The Neuro: A Brilliant Night 2018**

Founded and organized by a group of volunteers who have all been touched by brain cancer; its mission is to educate and raise awareness for brain cancer and the importance of this research at The Neuro.

Mechanisms that underlie the neural code for space

Dr. Mark Brandon

Click [here](#) then scroll down for more info

Monday, October 22 at 1:00 p.m.

Feindel Brain Imaging Lecture Series

Modulating growth and shrinkage of the human hippocampus

Véronique Bohbot, PhD

Click [here](#) then scroll down for more info

Monday, October 22, 4:00 - 5:00 p.m.

Epidemiology Seminar Series

Current issues on human response to vibration and shocks

Paul-Émile Boileau, PhD

Click [here](#) for more info

Tuesday, October 23, 4:00 - 5:00 p.m.

Killam Seminar Series

Imaging cellular responses to brain micro-bleeds and blockages in healthy and co-morbid conditions

Dr. Craig E. Brown

Click [here](#) for more info

Wednesday, October 24, 8:00 a.m. - 9:00 a.m.

Pediatric Medical Grand Rounds

Patient Safety Week

Solutions for patient safety: Children's hospitals working together to eliminate harm

Dr. Trey Coffey

Click [here](#) then scroll down for more info

Wednesday, October 24 at 11:30 a.m.

Anatomy & Cell Biology Seminar Series

Who rides the ciliary highway: In vivo analysis of ciliary protein transport

Dr. Karl Ferdinand Lechtreck

Click [here](#) for more info

Wednesday, October 24 at 4:00 p.m.

GCRC Frontiers in Cancer Research Lecture Series

Mapping genetic networks in yeast and human cells

Charles Boone, PhD

Click [here](#) then scroll down for more info

Thursday, October 25, 4:00 - 5:30 p.m.

**Centre for MedEd & Faculty Development Office
Medical Education Rounds**

Monday, October 22, 12:30 - 1:30 p.m.

JGH Medical Grand Rounds

How to die young at a very old age

Dr. Nir Barzilai

Click [here](#) then scroll down for more info

Monday, October 22 at 4:00 p.m.

GCRC Frontiers in Cancer Research Lecture Series

Role of immuno-metabolic sensors and the gut microbiota in the pathogenesis and treatment of obesity-linked inflammatory diseases

André Marette, PhD

Click [here](#) then scroll down for more info

Monday, October 22 at 5:00 p.m.

Gairdner National Program Lecture

From the microalga chlamydomonas to brain optogenetics

Dr. Peter Hegemann

Click [here](#) for more info

Tuesday, October 23, 6:30 p.m. - 8:00 p.m.

HBHL-SKILLSETS Workshop

The neuroscience of persuasion and effective public speaking

Want to feel more confident while presenting, or make your presentations more interesting? In this workshop, Psychiatry PhD candidate **Jay Olson** will cover the communication skills necessary to give an effective presentation. The workshop will focus on the psychological and neural mechanisms that allow speakers to engage and persuade their audiences.
