Introduction to Clinical Supervision

This comprehensive four-part series was designed to provide you with the foundational skills of clinical supervision. Each part, or microlearning activity, is self-paced and should take between 10 and 20 minutes to complete. You can pick and choose which parts you complete according to your needs. Note that to earn 1.25 professional development credits or 1.25 hours of continuing education, you must complete all parts.

After enrolling in this course, look for the “**Click here**” link in the checkout confirmation message that will appear on your screen to access myCourses. Once on myCourses, select the **Faculty Enrichment and Development (FacED)** course tab, and then choose the teaching context that best suits your needs (**Clinical Teachers: Medicine, Nursing, or Rehabilitation Professions**) to access the full set of resources for your profession.
